PROFILE

Enthusiastic and passionate video editor with hands-on experience in content creation and social media management. Skilled in producing engaging shorts and Reel videos and visual content that resonates with audiences. Demonstrated ability to grow digital reach. Experienced in managing the full post-production lifecycle, from raw footage to polished final output. Adept at aligning creative content with current trends to maximize reach and engagement. Committed to delivering high-quality visual media in a professional and fast-paced content environment. Eager to bring creative energy and technical editing skills to a professional editor role.

EXPERIENCE

Video Editor & Content Creator

Student Development Council | Dr.N.G.P. Institute of Technology
2025-2026 – Present | Coimbatore, Tamil Nadu

- Served as the official Editor for NGP IT's Student Development Council, managing all video content and visual communication for the institution.
- Produced and edited high-quality reels using CapCut, with uploaded content collectively reaching over 100K views on Instagram.
- Led content creation efforts for college event promotions, crafting engaging visuals
- Designed promotional graphics, posters, and digital assets using Canva for various college events and campaigns.
- Collaborated with the SDC team to plan, script, shoot, and publish social media content aligned with college branding and objectives.
- Managed end-to-end post-production workflow including editing, adding effects, transitions, subtitles, and publishing content on social platforms.

PROJECTS

Kanam'26 – Video Creator & Video Editor

- **Description:**
Served as a Video Creator and Video Editor for the event *Kanam'26*, contributing to the planning, production, and post-production of event-related visual content. Developed engaging promotional and highlight videos by applying effective transitions, and visual effects using CapCut. Collaborated with the event team to ensure timely delivery of high-quality media. Managed the complete editing workflow from raw footage to final output, enhancing audience engagement and digital reach.

Short film - Director & Video Editor

- Directed and edited a cancer awareness short film in collaboration with KMCH, overseeing the complete creative process from concept development to final production. Led scripting, shot planning, and on-set direction to effectively convey a socially impactful message. Executed end-to-end video editing with storytelling techniques, transitions, and visual effects to enhance audience engagement. Delivered a high-quality final output aligned with awareness objectives and professional standards. Attached my portfolio below
